**WILKINSON PLOUGHS.**

These renowned Ploughs have, within the past two years, been tried and approved of by a large number of Farmers in the Counties of Prince Edward, Hastings, and Northumberland. Such remarks, however, are not sufficient inducements to purchase. "I never knew there was so much difference in ploughs until I tried a Wilkinson." This is the best I ever followed, it draws as easy, it holds as sure, it turns I wish to say to those who intend to try a Wilkinson next season, your order this winter. It will be as well for you, and better for me.

"Forgive me, Alice," he said, "and forget the things I said. You know as well as I do that I love you as dearly as ever; but I did not mean them; but I am out of sorts and out of temper to-day. I have a hundred things to worry and annoy me of which I cannot tell you. I am sure you do not know that Guy was here. I am sorry I destroyed your flowers. I shall send you a handsome bouquet to-morrow. Come, now, do not mind me, but go to bed." She lifted her head slowly and looked at him. Even he, bad to the core, harder than iron, shifted from the sight of settled despair in those haggard eyes.

"Do not mind me," he said, "for you will, Frank, I can never be other than you are."

C. P. R. Extension

## Correspondence.

While the newspapers will be in accord as to the expediency of the proposed extension of the Canadian Pacific Railway, it is not so with the public. The public is divided into two camps. One camp is in favor of the extension, and the other is against it. The public is divided into two camps. One camp is in favor of the extension, and the other is against it. The public is divided into two camps. One camp is in favor of the extension, and the other is against it.

## Excellent Speeches.

The Hon. Mr. Laurier, in his speech at the meeting of the Canadian Pacific Railway, was warmly complimented by his friends on the excellent speeches which he delivered yesterday on the subject of the extension of the railway.

Thousands of people are suffering from the effects of the extension of the railway. The public is divided into two camps. One camp is in favor of the extension, and the other is against it.

## Nominations.

The Manitoba Ministerial nominations took place at the residence of the Hon. Mr. Laurier, on Thursday evening last.

The German Military Bill passed the Reichstag yesterday.

The annual meeting of the Dominion Association was held in Ottawa on the 1st and 2nd inst.

The U. S. Senate has postponed consideration of the Extraterritorial Treaty with Great Britain till December next.

Dr. Loe's Work Sheet will remove Worms and Cures, and has been used by thousands of people.

The Toronto City Council last night decided to send Hon. J. B. Robinson to England to represent the city.

The Liberal Conservative candidates, the Liberal Conservative workers, these honest Reformers who will not lend themselves to their country's giant wrong, and the election of Halton is generally to be congratulated on the success of yesterday's voting.

They have given the country another striking proof of the policy of Sir John Macdonald and his Government being firmly entrenched in the affections of the Canadian people.

## TREAT ALL ALIKE.

Some Grits are very worth on the conduct of the Deputy Sheriff of Carleton, who is said to have taken an active part in the recent Parliamentary election.

The Toronto Free Press says: Deputy Sheriff Sherwood, of Ottawa, took a conspicuous part in the Carleton election on the Ontario side.

It is likely to get into trouble thereby. The Liberals, knowing that Mr. Sherwood holds office at the residence of the Deputy Sheriff, are going to see what they can do towards getting Mr. Sherwood, Sheriff, Deputy Sheriff and civil servant, to get the better out of politics, and if they cannot see it in that light they should be made to see it. They draw the line at the people of all parties, and should favor the cause of none.

The News is in error. There was no "Conservative" side in the election in question, as both of the candidates were Conservatives and the gentleman whom Mr. Sherwood is said to have opposed was driven from the contest by Sheriff Gillespie by the Ontario Government, and largely through the instrumentality of Mr. Sherwood, who was his Deputy.

It will thus be seen that Mr. Sherwood's office was not a party office. He interfered in an election to the Dominion Parliament, by making his choice between two Conservatives and opposing that one of the two candidates who had been deposed from office by his employers, the Ontario Government.

If Mr. Sherwood is to be disciplined for not doing, what Mr. Mowat to do with his army of placemen—including county attorney, sheriff, and deputy sheriff, police officers and turnkeys, clerks and bailiffs, division clerks, license commissioners and inspectors, ward rangers, leaders of marriage licenses, inspectors of anatomy, etc.—who form the most important part of the Grit party machinery in electioneering in the Legislature!—And above and beyond all—that is to be done with Sheriff Gillespie and Police Magistrate Curry, of Prince Edward, whose office is "rank and smells to heaven." Let justice be done to all!

## That Lamp.

The gas lamp at the Franklin street corner of the public building has not yet been replaced, although its loss is greatly felt. An accident, with a bill of damage, would be as easily as a lamp.

## TEMPERATURE.

As Reported by Dr. H. M. D. of the Belleville Dispensary.

THURSDAY, FEB. 9.

Maximum 20; minimum 6 below zero.

Barometer 30.00.

## Sum Up.

Dr. Curlett's pony ran away this morning, and left the owner at the office.

Plummet and Cannon will fight.

The animal, after smashing the shafts, was captured near the foot of Front street.

## Concentrations.

We tender to our esteemed friend Senator Flint our congratulations on his having passed to-day the eighty-third milestone on his road of life. We wish him many happy returns of the day, and trust that he may celebrate many more anniversaries of his birth.

## A Grand Celebration.

The New York World celebrated, on January 28th, the completion and erection of a grand and costly building for editorial purposes, and the largest printing press in the world. The World is the newspaper marvel of the time. In enterprise it is unequalled.

## Miss Phelps.

The Niagara River says of Miss Phelps, the lecturer at the school of the night, "The lecture throughout was listened to with marked attention. It was very different from the general run of temperance lectures, being devoid of the usual pathetic sentiment, and instead, being a presentation of sound reasoning rather than work upon the audience in an emotional manner. The address showed a well-defined thought, every article looking to one point. Miss Phelps' oration was grand."

## Our Water Supply.

Several of the public wells, which usually yield a ready supply of very questionable water, have run dry during the long continuance of dry, cold weather, and a few others have frozen. The consequence is that a very large number of people are put to great inconvenience, if not subjected to suffering, owing to the lack of water for drinking.

It has been suggested that those of the wells which are in the vicinity of hydrants could be drilled. This plan, although it would not accomplish all that is desirable, would be of considerable benefit. No doubt the City of Belleville, Works Company, who have always been liberal, could readily accomplish it.

## A TIMELY PRECAUTION.

To prevent serious disease, regulate the water supply. The Board of Health has issued a circular letter, reminding the public that the water supply is of great importance.

## A New Steamer for the Lakes.

Mr. T. Marks, of Port Arthur, had an interview with the Minister of Customs on Tuesday. Mr. Marks is having a fine steamer for service on the lakes built in Glasgow and he is anxious to know on what terms she can be entered at the Customs.

Mr. Marks said the vessel can be brought in free from the Imperial Customs Act, provided she is British registered, but the duty will be paid on any repairs done to the vessel in the States. Mr. Marks says he will probably have the vessel fitted up at Deseronto, and so give work to the local shipyard.

A large acquisition to Canada's lake fleet, as she will be from six to seven hundred tons greater than any vessel on the lakes to-day.

## Settled at Last.

The Water Works Agreement Unanimously Adopted by the City Council.

The City Council met specially last night to consider the matter. The agreement with the Water Works Company, Mayor Wilson presided, and there were present: Ald. Macoun, Anderson, Pringle, Collins, Bogan, Brown, Hall, Graham, J. W. Johnson, Foster, Falkner, Porter, Johnstone, LaRoche, Reeves, and Porter.

The report of the joint Committee was submitted, and the Council went into Committee. Ald. Anderson in the chair. The report was adopted, and a motion was carried on the decision of the Council was submitted, of which Ald. J. W. Johnson moved the adoption.

Ald. Collins moved, seconded by Ald. Macoun, that the agreement be adopted from the 1st of February, but this motion was not passed.

The agreement was adopted, and the Committee rose and reported.—Adopted. Council adj. adjourned.

A number of building lots, forming part of the late A. L. Smith's estate, were sold at auction yesterday afternoon by Mr. J. L. I have not used of one bottle yet. I suffered from catarrh for years, and experienced the nauseating dropping in the throat peculiar to that disease, and now bleed almost daily. I tried various remedies without benefit until last April, when I saw a bottle of Dr. Holden's Catarrh Remedy. I procured a bottle, and used the first day a half, and had no more bleeding—the soreness is entirely gone. I am now well, and feel like a new man. G. G. ## Runaways.

Alfred Hagerman was the victim of a runaway horse on Saturday. He was driving on the upper bridge, when the animal slipped and upset. The horse made a dash, leaving the cutter on the bridge somewhat damaged, and soon after appeared at its stable.

Mr. Geo. Downey met with a similar accident in turning the corner at Dundas and Piusville Sts. He was turned out, the horse running to the stable, damaging the cutter considerably.

## A TIMELY PRECAUTION.

## El Perito.

Mr. D. Landon, M. A., better known as El Perito, who is to lecture at the Opera House on Thursday evening, 16th inst., makes ample provision against disappointing his audiences.

The lecturer will commence at 8 o'clock and continue till somebody requests him to stop.

Secure reserved seats at Holden's. In case of an accident to the lecturer, or if he should die or be hanged before the evening, the ticket will be returned to the holder, who can sit and enjoy himself the same as at the lecture.

## A Close Call.

Mr. Wm. Claxton, of the front of Thurlow, who was tossed by a bull on the 8th inst., was in the city on Saturday, bruised and stiff, but able to be about. The animal which tossed him is a large Durham weighing 2,000 lbs. Mr. Claxton was standing in the water as usual, when it suddenly leaped in the air, tossing him some 50 feet in the air. He alighted on his feet, when he was again tossed. This time he alighted on his side, and the infuriated animal charged upon him. Mr. Claxton grabbed the ring in the animal's nose and held him with an effort until assistance arrived, when the bull was secured. He had never shown ugliness before.

## Valentine's Day.

St. Valentine's Day will be celebrated to-morrow. To arrive at the origin of Valentine's day we have to resort to the history of the Roman manners and customs, where are depicted the Lupercalia festivals held in the month of February, at which the names of young men and women were thrown into a bowl, and the lot was drawn, and the ballot-directed partnership became binding for life. This is the earliest known origin of the custom so widely modified in our day, but which was perpetuated through the ages, and was the early Christian fathers, who changed pagan festivities into Christian rites, and thus left the people the sports to which they were attached, while at the same time doing away with the worship of a sensual deity. The Roman, no matter where he traversed, left traces of the Lupercalia. The custom took permanent root in Britain, Gaul, Germany, and Russia and has been a part of spontaneous nature worship growing out of a recognition of the peculiarities of the seasons, and all animated nature seems to seek an affinity. In all European history the Christian era, we see traces of the existence of the custom of celebrating St. Valentine's Day. The people, by a lottery select partners, to whom each one was to be bound for a year.

## Marriage Bells.

An interesting event took place at St. Michael's church this morning at eight o'clock, viz: the marriage of Mr. John Johnston, an old Belleville boy, but now of St. Paul, Minn., to Miss Mary E. Russell, an estimable young lady of our city.

For the past eight years Mr. Johnston has been the chief foreman and manager of all the large and important contracts taken up by Messrs. Henshaw, Jones, Agnew & Co., the millionaire contractors of Chicago and the west.

Monseigneur Farrelly officiated at the ceremony, and the bride and groom, after which the newly married couple, with their immediate friends and a few invited guests repaired to the residence of the bride and partook of a sumptuous wedding breakfast.

The bride looked well, and was dressed in a magnificent suit of haloscope satin, with bonnet and gloves to match. She was assisted by her sister, Miss Anna Russell, who were a very pretty sight to watch the bride's, while the groom was easily looked after by his brother, Mr. Robert Johnston, who is also a resident of St. Paul. The presents to the bride and groom were rich, comprising among them: Silver bric-a-brac from Mrs. Evans, of Chicago; 2 silver cruets from J. D. Russell, Grand Rapids; silver cake basket from Miss Trant, Belleville; silver 6 pieces from the bride's sister; set silver knives and forks from the mother of Mr. Johnston; silver pickle cruet from Mrs. Keany, Belleville; napkin rings from Mrs. Keith, Belleville; Dress for \$50 from the groom's brother, Samuel; 2 oil paintings from John O'Connor, Duluth; Lander's Companion, from J. Conroy, St. Paul; Ladies' Toilet, from Miss Simon, Detroit; plush jewel case, from Miss Nellie Johnston; together with many others. The happy couple left on the evening train for their future home in St. Paul, carrying with them their earnest wishes for many friends here for their future happiness.

## Magnum Dava Speaks.

WHAT HE KNOWS OF CAMPBELL AND DAVES.

The following affidavit, made by S. Magnus Dava in this city, has been submitted to the Hon. J. H. Campbell and Gooderham in connection with the appointment of S. Magnus Dava as one of the liquidators of the Central Bank.

I, Simon Magnus Dava, of the city of Toronto, in the County of York, Province of Ontario, do hereby certify that:

(1) I was at New York in the month of May, 1887, when I met S. Magnus Dava, who had in his possession three drafts purporting to be drawn by him on the Central Bank of Canada, and who stated to me that the said drafts were drawn by S. Magnus Dava, and who stated to me that the said drafts were drawn by S. Magnus Dava, and who stated to me that the said drafts were drawn by S. Magnus Dava.

(2) I went with the said S. Magnus Dava to various banks and persons in New York for the purpose of negotiating the said drafts, but they refused to purchase them, and therefore, after the middle of the said month the said S. Magnus Dava accepted to me and instructed me to proceed to Montreal and negotiate them with James Baxter.

(3) I went to Montreal with the said S. Magnus Dava, and took them at once to James Baxter, the said Baxter looked over them, and informed me that he could take them, and that he was going to use the said drafts to get him to get in with him in the Central Bank of Canada, and who stated to me that the said drafts were drawn by S. Magnus Dava, and who stated to me that the said drafts were drawn by S. Magnus Dava.

(4) I remained for the purpose of negotiating the said drafts about ten days or two weeks, spending most of my time in the day in the said Baxter's office, visiting it repeatedly every day. During the whole of the time the said Mr. Campbell visited Mr. Baxter's office two or three times a day, and had interviews with the said Baxter whenever the said Baxter was in the office, such interviews lasting from a few minutes to half an hour each. Whenever the said Campbell came in the said Baxter would request me to withdraw, and I did so.

(5) While I was waiting in Montreal the said Baxter was absent from his office on the 15th inst. of May, and I did not see him until the 16th inst. of May, when he came to his office, and I informed him of my first interview with him, and he informed me before going away that he was going to Montreal, and who stated to me that the said drafts were drawn by S. Magnus Dava, and who stated to me that the said drafts were drawn by S. Magnus Dava.

(6) During my stay in Montreal the said Baxter advanced me small sums of time from time to time to pay my expenses, and he paid me \$2,000 on my arrival in Montreal, the said sum being the consideration for the said drafts, which was paid to me by the said Baxter the day of the said month of May.

(7) The total consideration paid me by the said Baxter, consisted of the said \$2,000 and dollars and cents and diamonds and jewelry to the actual value of not more than \$500, and I have not received from the said Baxter a higher valuation than I (I believe about \$4,000) for the purpose of the transaction.

(8) The said Campbell was in Baxter's office on the day of the said transaction, and was present at the time the said \$2,000 was paid to me, and he was present at the time the said Campbell was in Baxter's office, and he was present at the time the said Campbell was in Baxter's office.
